

CERTIFICAT OF COMPLIANCE

We confirm that our complex “Green Capsule top lid”, produced at the AHLSTROM Saint Séverin mill fulfils the current requirements under normal and predictable conditions for dry and wet with regards to the current regulation given that the paper is stored and used safely:

- ✓ French décret 2007/766 & 2008-1469
- ✓ European EC 1935/2004
- ✓ Italian Ministerial Decree 21.03.1973
- ✓ Germany : Bfr 36-1
- ✓ USA : FDA 21 CFR § 176-170 & 176-180
- ✓ EC 2023/2006: manufacturing with good practices under HACCP

This compliance is valid for an end-use with dry food at room temperature during a long time and with wet food at temperature up to 100°C during 5 minutes max.

However, it must be noted that the sensory test must be carried out with the food which will be put in contact with our complex (ie coffee, tea...)

We confirm that our product do not normally contain any:

- fluorescent material
- perfluoro derivatives residues (PFOA, PFOS free)
- BADGE (bisphenol A diglycidyl Ether), BFDGE (Bisphenol F Diglycidyl Ether) nor NOGE (Novolac Glycidyl Ether) and derivatives (2005/1895) nor DEHM.
- Mineral oil
- Orthophenylphenol (OPP)
- Phtalates (DEHP, DBP, BBP, DINP, DIDP, DNOP) and derivatives as per 2005/84/CE, 2003/368
- known allergenic component
- ozone-depleting substances (low molecular weight CFC, HCFC, HCF or HCs) as additives or within the manufacturing process for those products
- any products listed by the ECHA in the candidate list SVHC (January, 12th, 2017).
